HOA PHAT HOME APPLIANCE - AIMING TO BE NO 1 IN VIETNAM MARKET

Hoa Phat is the leading industrial manufacturing group in Vietnam. Currently, the Group operates in 05 sectors: Iron and steel (construction steel, hot rolled coil) - Steel products (including steel pipes, galvanized steel, drawn steel wire, prestressed steel) - Agriculture - Real estate - Home appliances.

Hoa Phat Group holds the No. 1 market share in Vietnam for construction steel, steel pipes and Australian beef. Currently, Hoa Phat Group is in the Top 10 largest private enterprises in Vietnam, Top 10 profit enterprises, Top 5 listed companies with the largest charter capital in Vietnam stock market. HPG's market capitalization reaches USD11 billion, among the top 15 largest steel companies by market capitalization.

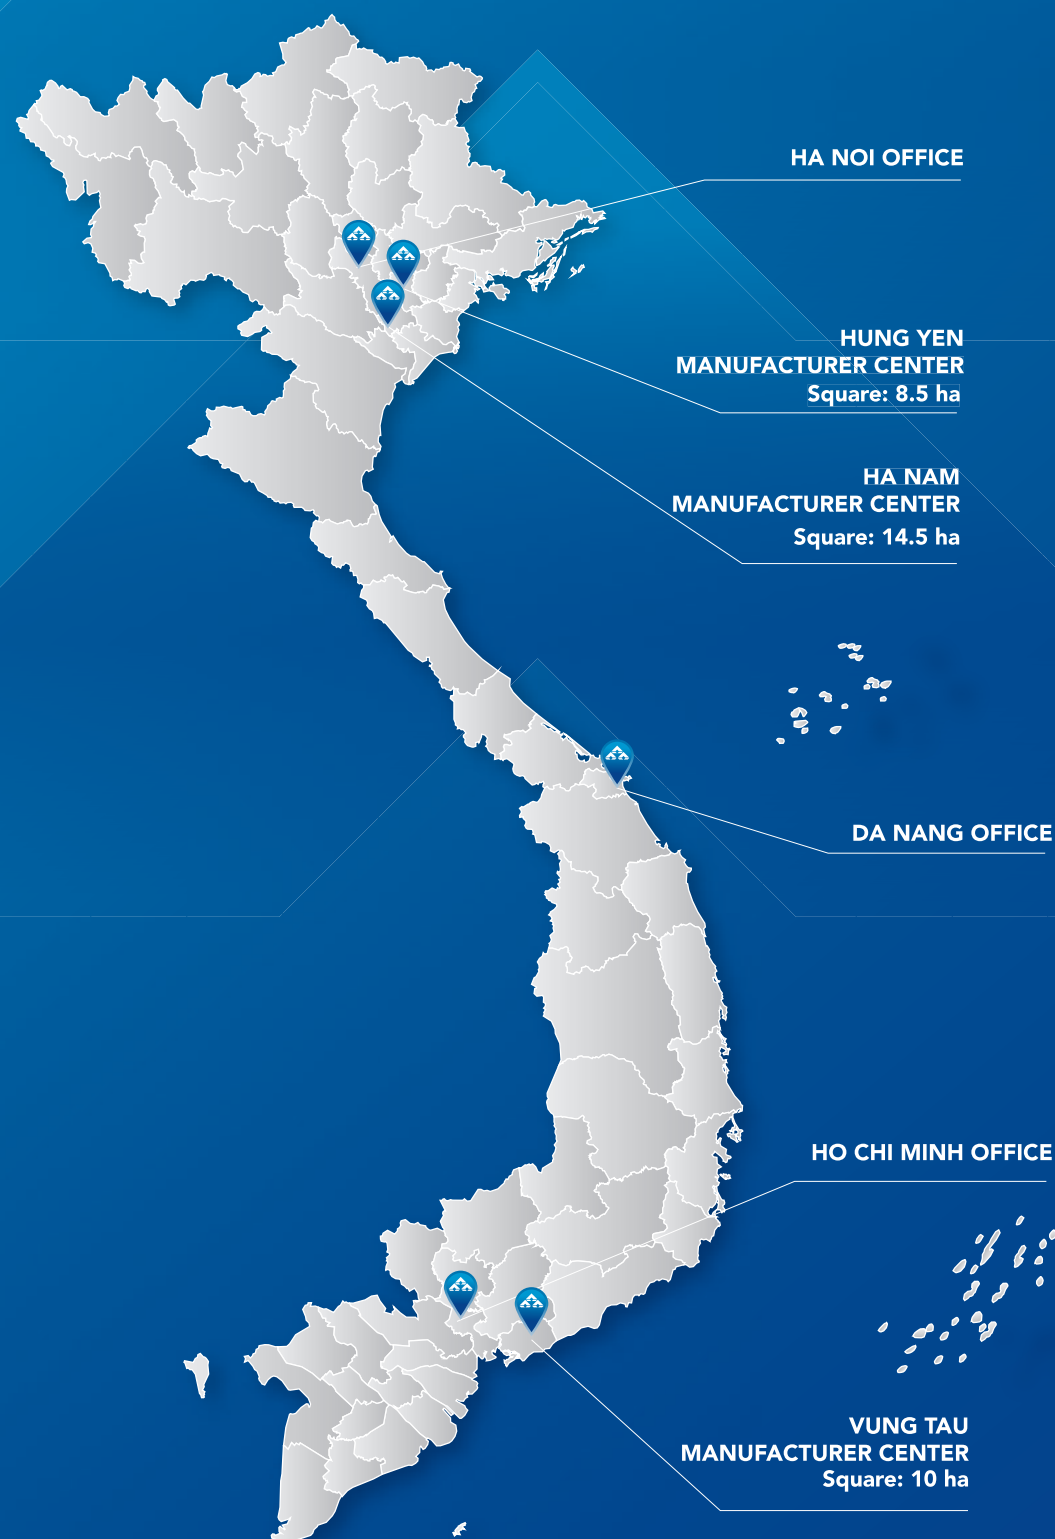

Hoa Phat has 20 years of experience in developing the refrigeration industry. All Hoa Phat's products of refrigerator are certified for conformity and energy efficiency. We are proud to be awarded National Brand by Ministry of Industry and Trade and consumers. Hoa Phat Group established Hoa Phat Home Appliances Joint Stock Company, making a large and methodical investment in the home appliance industry. This is included in strategy of diversifying business of the Group, as well as creating motivation of development.

Hoa Phat establishes 3 manufacturing center at 3 key economic regions of Vietnam with mission of supplying consumer best-quality products. We choose position of manufacturing center with priority of transportation, which are all close to highway and port to make it convenient for exporting all over the world.

Hoa Phat aim to be No 1 manufacturer of electrical home appliances in Vietnam, reach to international standard so that our product can present to all high end markets.

Last but not least, with the advantage of scale, Hoa Phat also standardizes the system to be able to produce OEM for domestic and foreign companies.

ISO CERTIFICATED PRODUCER/ INTERNATIONAL QUALITY STANDARD

FREEZER

SUSTAINABLE DEVELOPMENT - SAVING ENERGY
