  - Seaway: Cai Lan seaport in Ha Long city; Hai Ha seaport in Mong Cai border gate EZ

### DIFFERENT COMPARATIVE ADVANTAGES

Van Don Special Administrative Economic Zone has been approved by the government to establish with many special incentive policies and international competitiveness.

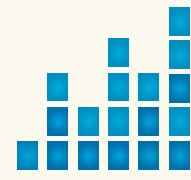

Being in the period of "golden population structure" with above 60% of population at working age, the proportion of trained workers reached 63%; Quang Ninh people has traditions of working class of mining area with a priceless spiritual "legacy" and "discipline and concentric".

It is the only province which borders both on land, at sea and on air with China, and being an important international trade gateway of Vietnam with China, the ASEAN region and the world.

The province has particular potential strengths in the development of tourism: Halong Bay is recognized as a World Heritage Site by UNESCO and one of the new 7 natural wonders of the world.

The province is abundant with natural resources (fossil coal accounting for over 95 per cent of Vietnam's total fossil coal reserves), being Vietnam's largest center for power industry (electrical power accounting for 15% and cement accounting for 14% total country amount).

Quang Ninh province is considered as the pioneer in implementing solutions and breakthroughs, especially in reforming administrations, transforming the economic growth model, improving investment environment and develop transport and tourism infrastructure.
