

ABK SAI GON CO., LTD

COMPANY PROFILE

INTRODUCTION

ABK Sai Gon Co., Ltd. is a dynamic enterprise specializing in the trading and export of agricultural products, committed to bringing Vietnam's high-quality produce to international markets. Our key products include Green Coffee Beans (Robusta and Arabica) for both primary and deep processing, Green Skin Pomelo, Seedless Lime, and various other tropical fruits..

We are dedicated to delivering agricultural products that meet **international standards**, serving the diverse needs of both domestic and global markets. Our vision is to become a **trusted brand** in Vietnam's agricultural export sector, contributing to **elevating the reputation and value** of Vietnamese produce worldwide.

Vision & Mission

Mission

- **Quality:** Deliver safe, high-quality agricultural products with clear and reliable traceability
- **Sustainability:** Implement environmentally friendly farming and processing practices while supporting local farming communities
- **Innovation:** Continuously research and develop to deliver the best products and services to our customers

Vision

To become a trusted and leading Vietnamese brand in the global agricultural export sector, delivering high-quality, sustainable products that elevate the reputation and value of Vietnam's agriculture worldwide.

Create sustainable value for farmers, partners, and consumers by providing clean, safe, and internationally certified agricultural products

OUR CAPABILITIES & EXPERIENCE

With extensive experience in the agricultural export industry, **ABK Sai Gon Co., Ltd.** possesses:

- 
Raw Material Area:
 Close partnerships with reputable farms, applying sustainable cultivation practices and full traceability.
- 
Processing Plant:
 Close collaboration with modern, well-equipped processing plants, ensuring that all pre-processing and packaging procedures meet strict food safety and hygiene standards.
- 
Expert Team:
 Experienced export-import staff with strong market knowledge, supported by partners including agricultural consulting engineers, economic experts, and corporations with extensive experience in processing and manufacturing from Japan and Germany.
- 
Strategic Partner Network:
 Sustainable partnerships with importers and distributors across multiple countries worldwide (Germany, South Korea, Japan, the United States, Singapore, ASEAN, etc.)
- 
Certifications:
 Strong integration across supply chains, ensuring possession of essential quality and food safety certifications required for export operations (e.g., 4C, Rainforest Alliance, EUDR, Fairtrade, HACCP, GlobalG.A.P, FDA, ISO 22000, etc.)

INTEGRATED COLLABORATION AND OPERATIONAL COMPLIANCE

1. Raw Material Area

Selection - Integration - Sustainable Cultivation
